

Careers at HWB

HWB believe in investing in our people.

We put particular emphasis on our Trainee

Scheme which was designed to support College and University leavers start their career in accountancy. We offer a comprehensive study and work experience programme using a specialist firm of tutors to provide you with a classroom and home-study programme.

You'll be supported throughout your training towards your ACA qualification by a Skills Coach from First Intuition and our internal Training Coordinator. Both will be able to share their guidance and expertise for your journey to qualified accountant.

How do I qualify?

To show your commitment to your accountancy career and for us to see your potential, we would request a minimum of 2:1 or higher at degree level in a relevant academic subject (e.g. Maths, Finance, Accounting, Business).

How do I apply?

We invite applications from January until April. Please send your CV and covering letter to HR@hwb-accountants.com

I joined HWB's Audit & Accounts Department as a university placement student in 2020. From the very beginning I was offered a lot of support from my manager, other colleagues and the directors. I thoroughly enjoyed my placement year and subsequently was offered a permanent role.

Everyone throughout the company is friendly and always has the time to support others. I have also enjoyed the social side of working at HWB, taking part in the 5-a-side football team and Tough Mudder for charity.

Chris Ellison - Accounts & Audit Trainee

I joined HWB in July 2016 as a Graduate Trainee in the Accounts & Audit Department. From day one I was offered a lot of support and training through the mentoring system. I have experienced a variety of work in audits and accounts preparation that has allowed me to put into practice what I learnt at university.

Overall, HWB has a very friendly and relaxed atmosphere with the company devoting a lot of time and energy to the training of all staff members.

Michelle Woomble - Accounts & Audit Senior
